This is holy nation of God which not by its armed forces but by its friendly attitude and culture of goodwill gesture has illuminated the entire world.

On the one side, due to invaders some of our relatives were compelled to change their worshipping system, while on the other side, due to western's commercial policy, there are aggressive religious conversions and inhuman efforts of discrimination in our society. Religious jihadi frenzy and divisive mentality by its planning had succeeded in making this nation restless and in dividing the borders of nature and culture centric nation in 1947 but that is temporary due to unnatural by virtue. That's why every alert citizen of this country would like

to see Bharat into Akhand (undivided) entity because only Akhand Bharat is vested with Vishwa Kalyan (world's welfare).

Prior to this, Professor Ravinder Gupta, Principal of PGDAV College (Even.) welcomed all eminent and celebrated guests present in the event. He mentioned that the broken statue or idol is not worshipped. Same way divided Bharat has to be united at least culturally. Shri Om Prakash highlighted on the activities of Bharat Bharati.
