Dear Colleagues,

With a great pleasure I inform you that our Library Software has been upgraded to a new Library Management System—KOHA. Koha software is an open source software based on cloud technology which means that the library can be accessed online using a Computer or a mobile from anywhere. The Library Committee is organizing a Webinar on Koha, to explain to you about its features. The webinar is scheduled for 16.03.2022 at 11:30 AM.

The link for the webinar will be sent to you through e-mail.

You are requested to join the webinar to take full advantage of this highly advanced and user-friendly software.

Thank you.
