

NDLI Club

About NDLI

National Digital Library of India (NDLI) is a virtual repository of learning resources that is not just a repository with search/browse facilities but provides a host of services for the learner community. It is sponsored and mentored by the Ministry of Education, Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). Filtered and federated searching is employed to facilitate focused searching so that learners can find the right resource with the least effort and in minimum time. NDLI provides user group-specific services such as Examination Preparatory for School and College students and job aspirants. Services for Researchers and general learners are also provided. NDLI is designed to hold the content of any language and provides interface support for the 10 most widely used Indian languages. It is built to provide support for all academic levels including researchers and life-long learners, all disciplines, all popular forms of access devices, and differently-abled learners. It is designed to enable people to learn and prepare from best practices from all over the world and to facilitate researchers to perform inter-linked exploration from multiple sources. It is developed, operated, and maintained by the Indian Institute of Technology Kharagpur.

National Digital Library of India Club (NDLI Club) is an enabler of career progression for students, job seekers, researchers, and learners. NDLI Clubs are set up in institutes and nodal bodies, and these Clubs conduct events to facilitate students to develop knowledge, skill, and traits beyond the regular curriculum which are essential for their progression in the respective professional domain. The events may be either physical or virtual. Virtual events are web-based and are conducted through the NDLI Club portal. The events are organized at the respective institute level or city/district/state/regional level or all-India level.

Development of knowledge, skill and traits needs access to varieties of learning resources. NDLI Club members can access a huge repository of free and open access learning resources, from anywhere and at any time, either through desktop PC or laptop or tablet or mobile, from National Digital Library of India (NDLI) (<https://www.ndl.gov.in> or <https://ndl.iitkgp.ac.in>). NDLI and NDLI Club are initiatives of Ministry of Education (MOE), Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). These are National Mission projects and part of Digital India Mission of the country. NDLI provides contents for all academic levels including lifetime learners, all disciplines and in most of the widely used Indian languages, to enable people to learn and prepare from best practices from all over the world.

NDLI and NDLI Club are services that are not just for some, but for all of India to learn, share, grow and democratize education in the country.

Objective of the Club

The objective of NDLI is to democratize education, promote a culture of reading, create a knowledge society, preserve our cultural and academic heritage, avoid the digital divide within the society, and act as a single universal platform for rational access to knowledge resources by multiple people anytime anywhere.

Office Bearers
