

Our moto

Motto of Central Library- “Right Document to the Right Reader at the Right Time”

The Central Library:

The Central library of Raja Peary Mohan College has a very unique and rich collection of books, periodicals and reports as well as multimedia resources built over nearly one hundred years. This includes some of the rarest materials along with thousands of important documents and journals.

The Central Library of Raja Peary Mohan College is situated in the Ground Floor of the new building. The library was established way back in the year 1927 with about 1000 books, mostly obtained through donations from the founder members. For several years, the library was located in one of the small classrooms of the earlier hostel building. However, with the passage of time, as the number of books increased, the library had to be shifted to a larger hall in Room No. 101. In 1963 there was a separate library on the 3rd floor. In the year 2018 The Central Library had to be shifted to Ground floor became functional in fulfilling the long-standing academic hunger of all categories of our users. Central library is spread over three levels, it has 6 special sections, (i) Textbook Section; (ii) Reference Section (iii) Rare section; (iv) Remedial Section; (v) Periodicals Section; and (vi) Braille Books. The library has been upgraded with the pace of time with KOHA software for extending facilities of automated search and online access respectively. Automated barcode system is being used to make the circulation system effectively modernized. The library has provided digital resource service through Institutional repository software DSpace.

Presently, the total number of books in the library is more than 29,000 and every year there is a fresh purchase of books from the RUSA grants UGC grants and College funds

Raja Peary Mohan College Library is a proud member of NLIST, ([INFLIBNET](http://nlist.inflibnet.ac.in) [http://nlist.inflibnet.ac.in]) National Library and Information Services Infrastructure for Scholarly Content which is part of UGC Infonet Digital Library Consortium, JSTOR Digital Library extend e-resources to colleges.
